MANAS GUPTA

Web Developer

About Me

I am a dedicated and enthusiastic 3rd-year B.Tech Computer Science student with a passion for software development. My journey in the field of technology has been driven by a strong curiosity and a desire to create meaningful solutions that can make a positive impact on people's lives. With a foundation in computer science education and hands-on experience gained through coursework and personal projects, I am excited to embark on a career as a software developer.

Projects

Quizify - Online Quiz Platform

September 2022 - January 2023

Description: Designed and developed "Quizify," an interactive online quiz platform using modern web development technologies. The platform allows users to create, share, and participate in quizzes on a wide range of topics. It features a user-friendly interface, real-time scoring, and an admin panel for quiz management.
